

## Donations Fact List

As a non-profit organization with limited funds, St. Francis House depends on the generosity of the community to make a difference in the lives of the hungry and homeless who come to us for help. In-kind donations of food and supplies are always needed to assist our shelter guests as well as those in our transitional housing. However, very limited storage space at SFH presents the opportunity to refer certain donated items to other local non-profit organizations. The list below outlines the donations that we can accept here.

### Donations Accepted at SFH

#### Food

Canned Foods  
Rice  
Pasta
